Etoile de Hollande

MAGNIFICENT RICH RED HYBRID TEA ROSE

Beautifully formed blooms with a furled center. Deep, vivid crimson in color, with a velvety texture. Good stems hold the flowers erect on vigorous plants. But most of all, Etoile de Hollande is known and loved for its wonderful fruity fragrance. We believe this garden Rose to be the finest of all deep-red standards. Labelled Red over Green.

Prize Winning Wolfe Nursery Roses

To make it easy for you to get the most from your Rose budget, our rose list is made up of only the finest types and varieties. We grow the most popular and dependable older roses along with the most exciting new ones. All of them selected for hardiness, abundant bloom, and easy growing. Among the hybrid tea roses, you have a remarkably wide selection to choose from. We especially recommend Peace and truly believe it to be the most outstanding rose of all time. The All-American "Helen Traubel" is a color sensation that is sweeping the nation as well as winning awards abroad. We love all of the rose varieties that we grow — and each variety is outstanding — as our customer, you are assured of one thing when you buy a Wolfe Nursery Rose — you're assured of quality — above all.

Sister Therese

Stunning Yellow Rose

The long-pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich daffodil-yellow and holds its color well. It has a sweetbrier fragrance. The blooms come freely on splendid cutting stems. Leathery, bronzy green foliage on bushy, strong plants. Among the finest of yellow roses for home gardens, deserving to be widely planted. Labelled YELLOW over RED.

POINSETTIA

This free-blooming rose brings to you the brilliance and glowing red color of the Christmas poinsettia. The buds are ideal in form, long and pointed; fairly good petalage, a good grower and fine as a cut flower. Awarded a Certificate of Merit by American Rose Society, 1938. Long stems, plus sparkling buds, place Poinsettia among the top ten of all America's Red Roses. In a mass planting — or as a specimen bush — Poinsettia distinguishes itself as outstanding. Labelled RED over WHITE.

POINSETTIA

COLUMBIA

CALEDONIA

COLUMBIA

An enormous beauty with huge, long-lasting blooms of pink color. The plants are vigorous and upright, with a wealth of dark green, disease-resistant foliage. Has a delightfully elusive yet all-pervading fragrance. This is a remarkably fine example of the highly bred, distinguished modern rose. Labelled PINK over RED.

AAA Jumbo — \$1.19 AA Large — \$.89 A Medium — \$.69

CALDONIA

A rose superb in every way. Ideal hardy white, pure in color, perfect in form, strong growing and free flowering. Blooms from early Spring right up to frost. This is a very famous old rose that has been in the gardens of rose lovers for half a century. (Hybrid Perpetual) Labelled WHITE.

AAA Jumbo — \$1.19 AA Large — \$.89 A Medium — \$.69

RED RADIANCE

This is one of America's great red roses. Vigorous growing, hardy, healthy, free blooming, with a true rose fragrance. The color is a bright cerise-red. At least 2,000,000 Red Radiance and Radiance bushes are planted annually in the Southern States. Labelled RED.

AAA Jumbo — \$1.19 AA Large — \$.89 A Medium — \$.69

PRES. HOOVER

A glorious combination of cerise-toned orange, scarlet and yellow. Richly fragrant and free blooming. The clean, handsome foliage is an added attraction. Unbelievable stems supporting many-petaled blooms with high-pointed centers — One of the best of bi-color roses — Labelled ORANGE over BLUE

Mirandy

SUPERB IN FORM - COLOR - FRAGRANCE

(All America Rose selections Award, 1945) A gorgeous, fragrant red rose that takes its place with finest red roses of the world. The big buds are deep, rich dark red with black shadings, opening to a gorgeous chrysanthemum-red. It has a penetrating fragrance. The plant is strong, with heavy stout stems, and produces its glorious flowers freely against a background of dark green, heavy-textured foliage. Plant Pat. No. 632.

PRICE: AAA Jumbo Grade — \$2.00 Each
3 or more — \$1.75 Each

Wolfe's All-American Roses

FORTY NINER

Another 1949 All-America Award winner. The buds are delightfully formed, opening into well-shaped flowers of large size, mildly fragrant. The outside of the petals is a rich chrome yellow, sometimes overlaid with pink, changing to straw yellow in the open bloom. Inside of petal is fire-wagon-red. This yellow is most evident in the bud, while red dominates the open flower. In cool weather colors are as lively as illustrated. This Forty-niner is a rose you will enjoy. Plant patent No. 792.

PRICE: AAA Jumbo Grade — \$2.25 Each
3 or more — \$2.00 Each

NOCTURNE

One glimpse of the perfect, long, streamlined buds of this new rose should arouse enthusiasm in everyone. The color is a bright cardinal-red with dark shadings of Chrysanthemum-Red — the over-all color becoming somewhat lighter and brighter in warm weather. The large petals have a good substance, are richly textured, and there are plenty of them so that the flower lasts a long time. The bush is big and sturdy with the stems long and stout, and the foliage large and luxuriant. We believe that Nocturne is one of the three best red roses in the country today. Plant Pat. No. 713.

HYBRID TEAS

From the fertile fields of Wolfe Nursery come the nation's finest roses — big, vigorous plants with full, fibrous root systems . . . All Wolfe Nursery roses are strictly graded — checked time and time again — selected and packed with loving care when shipped to you. You will be pleased and proud when you buy your Jumbo Roses from dependable Wolfe Nursery . . .

*Chrysler
Imperial Rose*

**Most Spectacular Red-Red-
Rose in the World - - -
None other like it!!**

(Left) Like a precious stone, Chrysler Imperial displays jewel-like tones of vivid crimson in the broad, open petals, heightened by dark overtones of glowing oxblood-red, with the gem-like luster of garnets in the folds. These tones retain their sparkling beauty throughout the life of the flowers. Evolving from long, tapering, velvety maroon-red buds, this lovely rose, like the facets of a diamond, changes with the play of light; as it opens to its full 4½ to 5-in. size, the iridescent shades of red become more brilliant. The abundant, very large, high centered blooms are borne singly on perfect, sturdy, medium long cutting stems. The beautifully formed flowers have 40 to 50 wide petals, symmetrically arranged and overlapping. This All-America selection winner for 1953 has a well balanced, compact bush with abundant dark green foliage. Plant Pat. No. 1167.

PRICE EACH: AAA Jumbo Grade — \$2.50

PEACE

PEACE

Certainly this All-America Winner for 1946 is one of the most beautiful of all Roses. Perhaps its chief beauty is the great range of colors through which it passes. The full ovoid bud is deep yellow, with the edges of the petals picoté cerise. It slowly opens to a glorious 5-inch bloom with shades of canary-yellow, pale gold, cream, pearly white, and apple blossom. Although the bloom is unusually large, double and long-lasting, the dainty coloring gives it marvelous beauty. The plant is just as large and fine as the blooms, being above average in size, and the flowers are borne on long straight stems above the vigorous shining foliage. The fragrance is moderate. No such amazing combination of strong stems, fine lasting qualities, and huge, perfectly formed, delicately colored Roses, ever existed before. Plant Pat. No. 591.

CHARLOTTE ARMSTRONG

Since its introduction when it won the sole All-America Award, Charlotte Armstrong has become the favorite rose in thousands of rose gardens throughout the country. In our opinion, it remains the top All-America Winner out of all the fine varieties given this honor. Certainly it is one of the finest roses that we grow here at Wolfe Nursery. If you are planting it for the first time, you will marvel (as we still do) at the beauty of the lovely, long carmine-red buds, with their perfect streamlined form, and at the magnificent open blooms of rich cerise. The open flower is usually 3 to 4 inches in diameter, with about 30 petals, high-centered, remaining a beautiful rich color until the last petals drop. No printer's inks can illustrate the richness of its color—you have to see it to appreciate it. Plant Pat. No. 455.

PRICE: AAA Jumbo Grade — \$2.00 Each
3 or more — \$1.75 Each

CHARLOTTE ARMSTRONG

HELEN TRAUBEL

Superb Rose Collection

A superb collection bringing together the most famous—most outstanding, Hybrid Tea Roses of all time—
Special Anniversary Price . . .

- ★ PEACE—All American 1946
 - ★ CHRYSLER—All American 1953
 - ★ H. TRAUBEL—All American 1952
- OUR TOP 3 ROSES \$6.60

As Magnificent as it's Namesake

HELEN TRAUBEL

Once in a while a new rose appears which from the very first displays such superior qualities that there is never any doubt about its ultimate popularity. Such a rose is Helen Traubel, which we think is probably the finest new variety that we have introduced since Charlotte Armstrong. The All-American judges have confirmed our opinion by honoring it with an AARS Award for 1952. In Italy the Gold Medal of Rome was conferred upon it in June, 1951. The color varies with the weather—sometimes a light sparkling pink, more often a luminous apricot color (its most characteristic shade), sometimes verging into a rich bronzy orange. Its unusually large, long slender buds are magnificent in themselves.

PRICE: AAA Jumbo Grade — \$2.50 Each
3 or more \$2.20 Each

STREAMLINER

Sensational Everbearing Strawberry

Never has a new strawberry become so popular as quickly as Streamliner. The reasons are simply that it produces so heavily the big red berries of such fine flavor. PLANTED THIS SPRING IT WILL BEAR THIS SUMMER AND FALL. Then next year it will produce a tremendous crop in June and after a short time it will start again and keep on right up to freezing. The Berries are Big, Red, Sweet and DELICIOUS. Streamliner is self-pollenizing so can be planted alone. Eat them, preserve them, freeze them. We want to repeat: Streamliner has that rich, sweet real strawberry flavor.

PRICES:

10 Plants — \$1.95

20 Plants — \$2.95

30 Plants — \$3.69

Superfection

Extra Big Crops—Extra Big Fruit From this **NEW** Variety

— A tremendous bearer. You will have delicious berries this summer and fall. And next year it will bear spring, summer and fall. The berries are big, firm and bright red, and red all the way through. Serve them with cream and sugar. For preserves and freezing they are excellent, because they hold their shape and color. It is mighty fine when you can go out in your garden and pick fresh ripe delicious strawberries (saves on the grocery bill too) spring, summer and fall. Strawberries have always been considered the most delicious of all fruits. Now it has been discovered that they are also healthful. A couple of rows across your garden will give you lots of berries. Superfection is self-pollenizing. Water well in dry weather.

IT IS EASY and CONVENIENT TO ORDER FROM YOUR DEPENDABLE WOLFE NURSERY

In the privacy of your own home you can order from Wolfe Nursery the finest, most reliable nursery plants that are grown. Use the simplified order sheet which is in the center of this catalogue. The name of everything in this catalogue is listed on the order sheet as follows: name, color label, size, price each—all you have to write is the quantity and total price. Carry the total of each column to the Special Offers where you write TOTAL. Place your simplified order blank into the handy envelope and send to us today. Note: If trees or plants are sold by specific size, that size is shown on order blank. Many trees are sold as 2-yr. mediums or 2-yr. large trees. This will be shown in "size" Column of the order blank as MED. for medium or LAR. for large.

NURSERY STOCK IS SHIPPED AT PROPER PLANTING TIME

We begin shipping just as soon as the plants are properly cured by frost—Usually this is around Dec. 1st—Sometimes sooner—all depending upon the weather—Some items, such as mums, are not ready until Spring—You may depend on all plants being shipped to you at the right time for the best results for you—Please, do not ask us to ship before stock is dormant—Order early for early delivery...

NEW METHOD OF WRAPPING

We are now using a new product, Polyethylene or Polyethylene-coated kraft paper, which retains the natural moisture of plants for several days yet allows them to "breathe." Exhaustive tests by leading colleges and universities and practical use have proven this to be the best method of shipping nursery stock. It means that your nursery stock will arrive in perfect condition EVEN WITHOUT MOSS OR OTHER PACKING MATERIAL. If shipment arrives during a spell of bad weather, you can leave it in the package for several days. Of course, you should plant as soon as you can because the sooner you get it in the ground the sooner it starts growing and the quicker you get flowers or fruit.

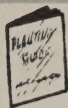

SEPARATE SHIPMENTS

Trees, shrubs, small fruits and roses are shipped together and will usually arrive a few days before perennials and bulbs and a few other items. Also, late in the season Strawberries are shipped separately. You may receive several shipments before your order is completed. We do this to assure the best possible condition of your stock when it arrives. This notice is to save you unnecessary correspondence.

"THAT SOMETHING EXTRA"

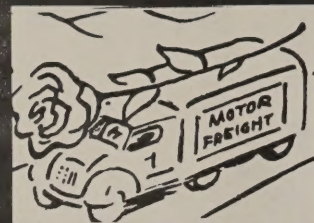

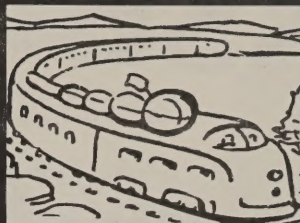

As a Wolfe Nursery customer, you join a group of many thousands of wise home owners who have come to know and depend on Wolfe Nursery—You buy the best, only, from this catalogue—and yet—you pay considerably less than is normally paid for such quality—Yes, you save when you buy direct from the grower—and you receive fresh Plants.

HELPFUL PLANTING GUIDE *Free*

With every nursery stock order, we send a free Planting Guide. It tells in a clear, simple way how to plant so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc.

HOW WE SHIP

LET US HELP YOU SAVE ON SHIPPING CHARGES

You add just 10% to your order—We, in turn, pay all shipping charges for you from the shipping point here at Wolfe Nursery, saving you the extra fee charged on collect shipments.

Although it actually costs us more than 10% to ship your order to you, we are happy to handle it in this manner... making it convenient and more economical for you to buy from dependable Wolfe Nursery.

Please Note Our Minimum Order Request

Because of increased costs throughout the nursery industry, we have found that handling orders amounting to less than \$3.00 results in a loss to the nursery. Regardless of this loss, we want to serve your needs and ask that you look through the catalog carefully and order in excess of the \$3.00 minimum. We will lose money in order to please a customer, but ask your cooperation in avoiding asking for shipments that total less than \$3.00.

Wolfe Nursery's Guarantee

1. We guarantee our stock to be true to name. If it proves otherwise, we will replace free or refund the amount you paid us for it.
2. We guarantee our stock to be first quality and to reach you in good, live growing condition. Examine it carefully upon arrival, and if you are not entirely satisfied, return it at once and we will replace it free or refund your money.
3. Our stock is carefully handled, and under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will replace at half price the following season, you to notify us not later than October 1st, 1956, accompanying your report with a remittance of one-half original purchase price.

We Want you to be satisfied. If anything is wrong, we want you to write to us.

Below is a photograph of one of our many paper-shell pecan fields... Here you find the most select varieties of pecans, carefully grown by experienced horticulturists—The nation's very finest paper-shell pecan trees come from Wolfe Nursery—specialists in nut tree production for over a third of a century...

ROSSBERRY

*The
Greatest
Berry
I've Ever
Found*

Juicy cobbles made with fresh berries, home-made jam with gobs of butter and hot biscuits — those are the things that the whole family can enjoy. The eating pleasure that you get from your own berry patch is worth time and time again the little amount of work it takes to grow berries.

THE INCOMPARABLE

ROSSBERRY

IT HAS EVERYTHING and is the sensation of quick-freezing. It is huge in size, and has the unusual combined flavor of Raspberry, Loganberry, and the sweet Blackberry. It fruits the first year after planting and withstands cold and drought. It actually likes dry weather. Remarkably free of the usual diseases. Small, soft, seeds are very few. Now growing in over sixty Federal and State Experiment Stations. First berry to ripen and a very heavy producer. 600 gallons per acre. Grows on a trellis and very easy to pick. As told by the original grower, Rossberry was created by Luther Burbank and went undiscovered for many years.

HOLLAND

Wolfe **APPLES**

THE Holland Apple

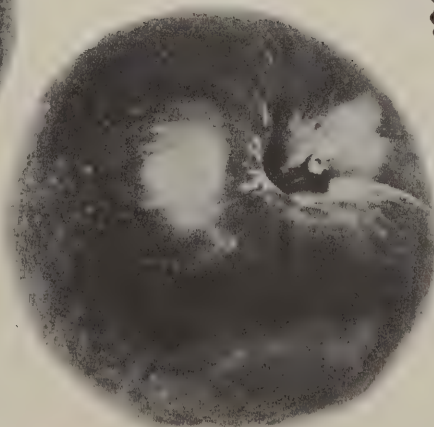

**DOUBLE RED
DELICIOUS**

**GOLDEN
DELICIOUS**

KING DAVID

Mother Nature must have decided to combine all the best qualities of apples into one when Holland was originated. When I first saw this grand apple at Weatherford, Texas, I knew it was the Apple that Texas and the great Southwest needed. For many years, Holland has proven to be a consistent, heavy producer of huge, dark, strawberry-red, smooth, firm, juicy-fleshed Apples. Its delightful flavor more than pleases the most exacting taste.

Being a native Texan, Holland is especially adapted to our climate and soils, but has proved outstanding wherever Apples are grown. Holland is the perfect apple for home planting. Of course, its most outstanding point is that it will consistently produce apples for us here in the South. Then, it's self-fertile. You do not have to plant another apple with it to get it to produce. You get heavy production with just one tree. It ripens early — July 20. It will fruit for you the 2nd year following planting. Labelled ORANGE over RED.

PRICES:

2 yr. Large Trees — \$2.50

2 yr. Medium Trees — \$1.95

2 yr. Small Trees — \$1.29

HOLLAND PRODUCES YOUNG

Our Holland Apple orchard was planted in February and bore its first fruit 5 months later in July. Holland is the youngest bearing, heaviest producing apple we have ever grown.

Apple **SUPER SPECIAL**

Four Early-bearing Apple Trees at a big saving to you. A regular \$5.00 value for only \$3.95. All four apples for

ONLY \$3.69

DOUBLE RED DELICIOUS

Pictured left

The old King of red eating Apples that is grown from coast to coast with equal success. By thinning the fruit properly, Double Red will develop into a huge size. Our pure-strain Double Red bears loads of big, sweet, firm apples, that are a treat to enjoy. Trees you receive from Wolfe Nursery are budded from our own bearing orchards. Store-bought apples are picked before they are ripe and don't compare with those picked from your own trees. Double Red Delicious is NOT self-fertile and MUST be planted with either Holland, Golden Delicious, or King David. Double Red is labelled ORANGE over BLUE.

PRICES:

2 yr. Large Trees — \$1.89 2 yr. Medium Trees — \$1.39
2 yr. Small Trees — \$.89

THERE'S GRAND EATING PLEASURE

IN

Golden Delicious

Pictured left

By far the outstanding Apple in its class. Self-fertile and an excellent pollinator in the home or commercial orchard. Golden Delicious is a mild, juicy, sweet, crisp, white-fleshed apple with new-gold skin that has a distinctive flavor all its own. It is a richly fragrant and appetizing apple that belongs in every home planting. Like Holland, Golden Delicious is adapted to a wide territory and bears very young. Golden Delicious is labelled with an ORANGE stripe over a WHITE stripe.

PRICES:

2 yr. Large Trees — \$1.89 2 yr. Medium Trees — \$1.39
2 yr. Small Trees — \$.89

KING DAVID

Pictured left

An August Apple that will yield from \$200.00 to \$300.00 per acre. One orchard at Baird, Texas, has produced as much as \$500.00 worth of King David Apples per acre. It also proves that "Money DOES grow on trees." KING DAVID is a medium size, firm, bright red apple with a tart acid flavor, somewhat similar to the old Winesap—juicy. Very prolific producer and healthy grower. Perfect for apple pies, cobbler, apple jelly, jams, and apple butter. Tall all-purpose apple that is one of the best pollinators. Labelled ORANGE over YELLOW.

PRICES:

2 yr. Large Trees — \$1.89 2 yr. Medium Trees — \$1.39
2 yr. Small Trees — \$.89

Sweet & Tart CHERRIES

for Home
canning or fresh eating

MONTMORENCY

The best known and the most widely planted of America's tart Cherries. The fruit is large size, its color bright red, and its flesh firm. It's the principal canning cherry because of its dependable production and the hardness and disease resistance of the tree. Plant only in altitudes of 600 feet and up. Labelled WHITE over GREEN.

PRICES:

1 yr. Large Trees — \$1.89
1 yr. Medium Trees — \$1.49
1 yr. Small Trees — \$1.19

BLACK TARTARIAN

A large, sweet, black cherry, known best as an ideal fresh eating fruit. The Cherry is rich and flavorful—the tree a vigorous, upright grower that is a colorful, welcome addition to any landscape plan. It takes such a little bit of space to grow cherries that no home orchard should be without one or two. The unusual, appetizing flavor of juicy homegrown fruit pays you back a hundred-fold for the small amount of effort it takes to grow and care for the trees. Black Tartarian is labelled WHITE over RED.

PRICES:

2 yr. Large Trees — \$2.49
2 yr. Medium Trees — \$1.98
2 yr. Small Trees — \$1.49

Please Note

We do not recommend the planting of cherries south of Waco, Texas, and only for Home Orchards south of Wichita Falls, Texas.

TEMPTING - TANGY GOODNESS

Wolfe's RUBY RED CRAB APPLE

Transcendent

"Most valuable of all red Crabs," because of very heavy production, attractive crimson red color, good size, and unexcelled quality of its jelly, preserves, jams, and pickles. Tree is dwarfish. Pink blooms and ruby-red fruits make it a fine lawn ornamental. Bore ½ bushel at 2 years. Labelled ORANGE over GREEN.

PRICE:

Large Trees — \$1.98 Medium Trees — \$1.69

THE WOLFE NURSERY

BUILT ON

Customer Confidence

WOLFE NURSERY
HONEY / WE GROW ON TREES

ROSS R. WOLFE

For many, many years — actually, over a third of a century — good customers have depended upon Wolfe Nursery for their every plant need — Customers who have faith and confidence in what we say and what we sell — Customers that have come to know that the name Wolfe Nursery means quality, above all — Fair, square dealings — prompt, friendly service — and — prices that are actually lower because they are dealing *direct* with the grower — There's no middle man when you buy from Wolfe Nursery . . . Yes, this largest nursery in the South was built on customer confidence . . . But you know it's not that we are large that we earned the customers' confidence — It's not because of our modern buildings — or — the vast acres of ground that we grow our plants on — *It's because of the character of a company that makes it great* — because it is honest with its customers, sincere, conscientious — and genuinely interested in the people that trust us, when they order from us — Won't you order from us today — You'll receive the best in plants — at the fairest of prices — You, like our many regular customers, can depend on Wolfe Nursery.

E. E. RISIEN

E. E. Risien received the Gold Medal for his outstanding contribution to horticulture. This grand old man gave many new and valuable varieties to the Pecan world, such as Garner and Western Schley. By Mr. Risien's request, Wolfe Nursery is continuing his breeding work for bigger and better Pecans.

J. W. STUBENRAUCH

Famous breeder of Frost-Resistant Peach varieties. Frank and Frankie are two of several outstanding creations that have set production records. By his request, Wolfe Nursery is continuing his breeding work in Peaches.

T. V. MUNSON

World famous for creation of over 100 new Grape varieties. Carman is the leader. Received many medals from France and other countries. We purchased the famous Munson vineyards to preserve his many varieties and continue his work.

Money DOES

Grow on Trees

Ross R. Wolfe founded Wolfe Nursery in 1920 and devoted his life to the selection and breeding of better fruit and nut varieties. Pioneer in soil building and diversified farming, paying orchard practices and civic improvements. Served as President of Texas Nurserymen, Pecan Growers, Fruit Growers, Chamber of Commerce, Lions Club, and Director of American Association of Nurserymen. His high standards and business ethics are known by the thousands who have continued to be loyal customers. I, Hugh Wolfe, and every member of Wolfe Nursery, pledge strict adherence to the policies and standards of Ross Wolfe.

SWEET · JUICY · FULL FLAVORED

Tears

DOUGLAS PEAR

The Sugar Pear That Bears Very Young

We've never had any pear variety that offers more production or bears earlier than Douglas. I'll never forget summer before last when we had a Douglas Pear block near a road that goes over the nursery. People that visited us and drove over the place never ceased to be amazed at this whole block of trees just loaded down with fully mature pears. Why, the trees weren't but about 4½ or five feet tall and many of those little trees had as many as ten or twelve pears on them! You'll like the bearing qualities, and the color, and taste of Douglas Pears just as all of those visitors did. It's *Blight-Resistant* and bears consistently each year, ripening about August 15. Labelled with a PINK stripe over a YELLOW stripe.

PRICES:

2 yr. Large Trees — \$2.89 2 yr. Medium Trees — \$2.19
2 yr. Small Trees — \$1.89

GARBER

For eating juicy ripe off of your tree or for preserving for year-round pleasure, Garber is ideal. It is beautifully colored and well shaped, and the tree is vigorous as well as highly disease-resistant. Labelled PINK over BLUE.

PRICES:

2 yr. Large Trees — \$1.98 2 yr. Medium Trees — \$1.69
2 yr. Small Trees — \$1.39

KIEFFER

A variety adapted to all sections — including sections where Bartlett is a failure. It is a sure bet for heavy, consistent crops of large, white-fleshed pears. It is a golden yellow pear that is an extra good cooker and ideal for winter storage. It will keep for a longer time and gets very sweet and mellow after about a month. Kieffer is labelled PINK over RED.

PRICES:

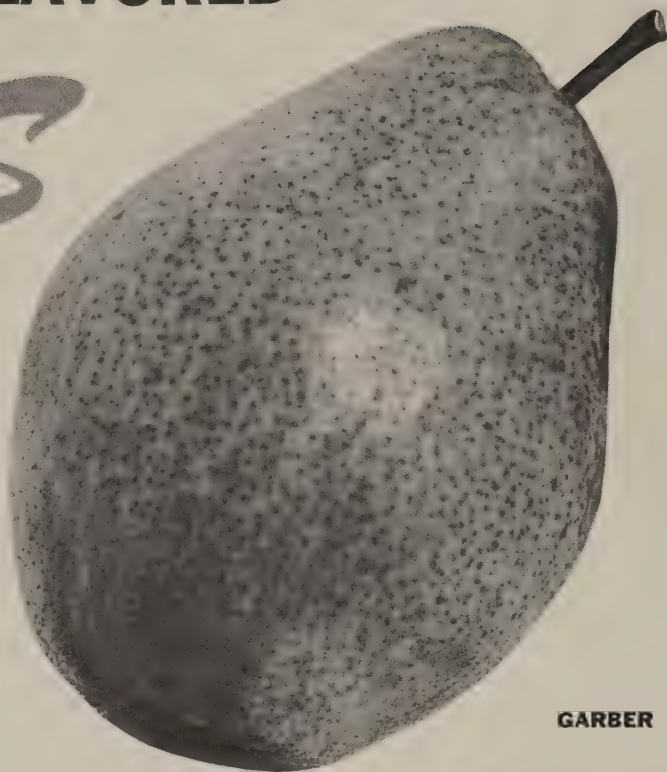

2 yr. Large Trees — \$1.98 2 yr. Medium Trees — \$1.69
2 yr. Small Trees — \$1.39

ORIENT

A brand new *BLIGHT-RESISTANT* variety that has been acclaimed outstanding everywhere that it has been tested. Without reservation, we, here at Wolfe Nursery, recommend Orient as perhaps the finest home orchard and commercial pear that has ever been sold. Sturdy, healthy trees, heavy production, high quality, and adaptability to all sections, place Orient on the top of the list of America's Pears. Its skin is lemon-yellow and the flesh is creamy white with a smooth, delicious texture. The shape of the tree makes it ideal as a yard tree. Labeled PINK over WHITE.

PRICES:

*There Never Was A
Store-Bought Pear So
Sweet, So Juicy, So Tender
As A Pear Picked Ripe from
Your Own Tree!*

A FREEZE AND A DROUTH AND A PROFIT FOR YOU

This season is an opportune time to plan and plant a commercial Peach Orchard—The wise farmer that is among the first to take this step will find a ready and profitable market for every bushel of fruit that he can produce . . . Drouth during the past 5 years has stripped our land of beautiful orchards that have been a source of pleasure and profit to their owners for many years . . . There's no need to let good land go idle due to crop restrictions . . . Plant your pennies and watch your dollars grow in a Wolfe Commercial Orchard . . . A waiting market will pay you \$300.00 to \$500.00 per acre for fruit produced in your own orchard.

BUY AT GROWERS PRICES... Your dependable Wolfe Nursery has set up special commercial prices to encourage new and needed production of fruit—and to help you, we will advise and assist you in the planning of your commercial orchard . . . Won't you call or write us today—We will be glad to give you complete information and prices . . . *Do it today*—Our supply of stock is limited.

PLANTING INSTRUCTIONS

We take great care to send you only the finest nursery plants that are grown. Before we will send you a plant or tree, it will have been inspected a minimum of seven times. For you to realize the maximum pleasure and production from your plants, care must be given in their planting. Below, we give some general tips on planting. Won't you write us for answers to questions you do not find answered here?

WHEN YOU RECEIVE YOUR PLANTS

All plants should be unpacked immediately upon receipt from our nursery. Check carefully to see that the varieties and sizes you ordered were shipped, or that proper substitutions were made provided we were authorized to make them. Be sure to keep the original copy of your order blank which serves as a packing slip and was returned with your order. *We will need it in case of adjustment.*

You should make a special effort to do the planting when the nursery stock is received. If conditions are unfavorable for planting, heel the plants in the ground in a well-drained location. Dig a trench that is deep and wide enough to hold the roots. Remove the plants from the package, cut all strings, and place their root system in the trench. To prevent the roots from drying out, work the soil thoroughly in and around the roots. Regardless of whether the soil is wet or dry, pour sufficient water in the trench to pack the soil closer to the roots. This will drive out air pockets, keep the roots moist, and in a good living condition.

ROSES

All Roses flourish best when planted in good, rich, well-drained soil in an open sunny location. They should be in beds or borders by themselves where roots of neighboring trees or shrubs will not penetrate or rob the soil. Make the hole deep (10 to 12 inches) and be sure that the plant is set low enough so that the bud union (graft) is about 1 inch below the surface of the ground. As you take each plant from the packing, soak the roots in water; then plant as above recommended, 18 inches apart. Roots should be spread out naturally, the soil pressed very firmly around them, then watered thoroughly. Prune back tops to within 4 to 6 inches of the ground when planting. Good cultivation and thorough watering during dry periods are essential to success. In early summer before the weather becomes hot, it is well to cover the bed with two inches of Natural Peat.

FLOWERING SHRUBS

Any good growing soil is excellent. Spade deeply and work down well, as you would for a garden crop. Keep shrubs 20 to 25 inches away from the foundation. Set deeply and firmly, the larger growing types 24 to 36 inches apart, with dwarf varieties 12 to 18 inches apart. Trim back the tops to insure quicker, better growth, then keep them cultivated the first year or two, watering them in the evening during dry spells. After the first year, they will require little care other than any annual pruning you may wish to give them. Each year's growth will add to the charm of your planting, and to the size and quantity of the blooms.

PERENNIALS

Plant in good, rich, well-drained ground that has been prepared the same as you would for any garden crop. No. 1, such as the Iris, should be planted with the main root just below the surface of the ground. No. 2, such as the Peonies, should be planted with the eyes or buds not more than 2 inches below the surface. No. 3, the fibrous-rooted type, should be planted with the crown just even with the ground level, not below. No. 4, such as the Hollyhock, Lupine, and Hibiscus, should be planted with the bud just below the surface, and the root tuber extended straight down. Set the low and medium growing perennials 8 to 12 inches apart, the taller ones 18 to 24 inches apart. The more shallow cultivation you give them with the hoe, the better they will be and the more attractive your garden. During dry periods, they should be given plenty of moisture, especially until well established. A light covering of straw, leaves, or other coarse litter placed over the bed in late fall when the ground is frozen 2 inches down, will insure safety, and do not uncover too early in the spring.

STRAWBERRIES

Plant Strawberries in good rich, well-drained soil; the crown of the plant when set should be at the surface of the ground (too deep planting will smother). Tamp the earth firmly around the roots, leaving a thin layer of loose soil at the top of the ground to prevent baking. Remove all young leaves. It will pay to water each plant thoroughly after planting. It will take about 8,000 spring-bearing plants to the acre, or 10,000 Everbearing plants. Keep ground clean and well cultivated. It is best to keep blossoms and runners on the everbearing varieties pinched off until the middle of July. In late fall, cover with clean straw, leaves or shredded cornstalks, and do not uncover too early in the spring.

PECAN CULTURE

Prune the top of your trees back one-third

Pecan and Walnuts: It is much better to have the holes dug before the trees arrive from the nursery. Regardless of whether the holes have been prepared or have to be dug, keep the root system covered with moist material until the trees are planted. Wolfe's Pecan Trees, machine-dug and whole-rooted, will require a hole at least 40 inches deep and 30 to 36 inches in diameter. WOLFE has gone to a great expense to secure a Pecan root system that will LIVE. The tap root has been cut approximately 38 inches below the ground and all of the lateral roots above the cut have been preserved. Dig the holes large enough to receive the roots without bending and deep enough to set the trees 2 inches deeper than they stood in the nursery row. This depth can be determined by closely examining the bark. The bark that was below the ground will look dark; that which was above the ground will be a grayish color. The off-set on the trunk and the paint mark used for labelling should not be mistaken for the ground level. When you plant your Pecan or Walnut trees, fill the space around the roots with only fertile top soil. **DO NOT PUT FRESH MANURE OR COMMERCIAL FERTILIZER IN THE HOLE.** Pack the soil around the roots to eliminate air spaces. Pour water in the hole as long as the ground will absorb it completely. When the soil is filled with water, do not water any more until the trees need moisture during the dry months. When trees are watered continuously, the soil becomes mushy and oxygen is driven from around the roots. Such condition results in the trees failing to produce foliage in the spring, even though the bark remains green. If the roots cannot get oxygen, the trees will eventually die. After the trees have been set in a permanent location, wrap the trunk loosely with burlap or heavy paper. The height of the wrapping material will depend on the size of the tree, but it should extend to and not above the first branch. The wrapping material will prevent borers from getting into the trunk and will also protect the trunk against sun scald. When the trees have developed enough top to shade the trunks during the hottest part of the day, the material may be removed.

Choice **PAPER-SHELL PECANS**

Pecans are an investment that will pay big dividends the rest of your life, no matter how many trees you plant. A small investment in a Pecan grove will make money for you and for generations to come. Put Pecans in the proper soil and they immediately double the value of your land. Let us help you in selecting soil and varieties. Pecan trees will send your children and grandchildren through school, pay the taxes on your place and give you plenty for good all-winter feasting.

The World's Largest Pecan

Giant

MAHAN

Can you imagine Pecans so large that the clusters of nuts look like bananas on the trees? That's Giant-Mahan — THE WORLD'S LARGEST PECAN. The nuts look somewhat like Schley but they are more than twice as large. Giant-Mahan is also a true brittle paper-shell and brings more money per pound than any other Pecan. This variety has become increasingly popular due to the healthy, vigorous-growing tree which makes a beautiful shade specimen. It grows upright and puts on dense, dark green foliage. The leaves are extremely large. Added to this feature, it is adapted to all sections and is resistant to common diseases. Giant-Mahan is a heavy producer and our Machine-Dug root system enables it to start bearing soon after you plant it. Giant-Mahan and Garner make an ideal pair for home or commercial planting. Mahan is labelled with one WHITE stripe.

PRICES: 2 to 3 ft. Trees — \$2.69
3 to 5 ft. Trees — \$4.69

5 to 7 ft. Trees — \$6.69
7 to 9 ft. Trees — \$9.49

There is no tree that adds so much to the value of your land as does a papershell pecan.

BLUE RIBBON PECAN OFFER

PAPER-SHELL PECAN SPECIAL

This is the "perfect" combination of Papershell Pecans. If you look for production of high quality, huge size papershell pecans—if you look for beautiful, valuable, long-lasting shade trees—look no more, for this "perfect" combination gives you the ultimate in production, plus shade that's a joy to enjoy. Our BLUE RIBBON OFFER is made up of 3 selected trees. Two Stuarts and one Giant Mahan. Offered in three different sizes. If you want only the finest—at a saving—order today.

PRICES:

3 Trees 5 to 7 ft. size — \$16.95

3 Trees 3 to 5 ft. size — \$10.95

3 Trees 1 to 3 ft. size — \$5.95

WOLFE'S SELECT PAPER-

WILL PROVE TO YOU THAT —

STUART

A POPULAR VARIETY ADAPTED TO ALL
SECTIONS INCLUDING THE COAST

Stuart comes nearer to being well adapted to all sections of the country and all soils than any other variety. It is an excellent producer and a hardy, fast growing, healthy tree. The meat has a real Pecan flavor and the shell is medium thick—somewhat brittle.

The average Stuart will run 48 to 50 per cent kernel. As you can see by the actual color picture at the left, the Pecan is large and always well-filled. The trees bear regularly and are highly resistant to scab. Stuart is labelled YELLOW.

PRICES:

2 to 3 ft. Trees — \$2.40
3 to 5 ft. Trees — \$3.98

5 to 7 ft. Trees — \$6.40
7 to 9 ft. Trees — \$8.50

SUCCESS

This most popular Eastern variety is in demand because of its excellent flavor; large, plump, smooth, creamy kernels that release perfectly from the thin soft shell. Forty of the big nuts usually make a pound and it tests High in meat content. The tree is a beautiful, vigorous grower and highly resistant to scab. It heads low and makes an ideal variety for yard planting. Success ripens a few days later than Stuart. Both are very polliniferous. Wolfe Pecan trees will grow off faster—produce earlier—and make a vigorous shade tree years sooner. Buy Wolfe Nursery selected trees and you buy the finest. Success is labelled with one PINK stripe.

PRICES:

2 to 3 ft. Trees — \$2.40
5 to 7 ft. Trees — \$6.40

3 to 5 ft. Trees — \$3.98
7 to 9 ft. Trees — \$8.50

WESTERN SCHLEY

THE PIONEER WESTERN VARIETY

PRODUCING PROFIT EVERY YEAR

One of the most ideal home orchard and commercial varieties. Its size is large and its shell thin. Western Schley never fails to prove that money does grow on trees. The tree is remarkably healthy, a strong grower, early and heavy producer. A genuine Risien Gold Medal Pecan that makes a gorgeous shade specimen in a hurry. Labelled with a GREEN stripe.

PRICES:

2 to 3 ft. Trees — \$2.40
5 to 7 ft. Trees — \$6.40

3 to 5 ft. Trees — \$3.98
7 to 9 ft. Trees — \$8.50

Juicy Ripe Figs the First Year

WOLFE'S EVERBEARING FIGS

You can have fresh big, soft, sweet Figs the first year from Wolfe Everbearing Figs. Easy to plant and easy to grow. I wish you could spread some of the delicious Fig preserves that Mrs. Wolfe makes, on a hot biscuit, with a little butter, and then take a big bite. Good! So good that you'd plant three or four Figs in your back yard. Figs the first year!

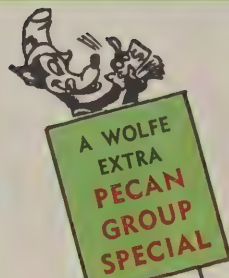

Good! Fresh Figs are Luscious

It bears the first year and ripens big, delicious Figs from July until frost. Bears on new growth. As the actual color picture shows, it is a beautiful Fig and very sweet. \$400.00 an acre was made on this Fig at Dallas, Texas. Labelled PINK over WHITE.

"Money Does Grow on Trees"

Burkett

For UNSURPASSED SHADE in YOUR YARD —
For EATING PLEASURE and SELLING PROFIT
Plant Wolfe's FAST GROWING BURKETT

The leader, and will continue to be, in Western varieties. Burkett is a regular and heavy producer of large, round, fat pecans that are perfect for home use and bring top market prices. Burkett is popular—as long as we have been in business the market demand for Burkett and Garner has never been supplied. It has a rich flavor and its meat content is so high that just a few of these choice pecans go a long way. Plant Western Schley or Garner for perfect pollination. Plant only in altitudes of 600 ft. and up and on well-drained land. Wolfe Nursery's select Burkett's are labelled with one BLUE stripe.

PRICES:

SPECIAL GOLD MEDAL COLLECTION

NOW OUR PAPER SHELL PECAN SPECIAL IS OFFERED IN 3 SIZES. Several years ago, many of our customers asked us for a pecan special offer. We came out the next year with our original pecan special. It was 3 trees, 1 to 3 ft. size, for \$5.00. That special meant a saving of \$2.20 to our customers and thousands of good people bought them. Many, many customers who wanted larger trees at a bargain price have written us—so, for the first time, we offer our Gold Medal Collection in three sizes. We are selecting three of our best varieties: Burkett, Stuart, Giant-Mahan, Garner, Success, or Western Schley—those best adapted to your location. Before you know it, these select Wolfe-grown trees will be producing loads of big, delicious paper-shell pecans.

Mrs. Wolfe's

VICTORIA RHUBARB

BEST OF ALL RHUBARB VARIETIES

The first plant to furnish fresh sauce for pies in Spring-time. Will last a lifetime. Will provide lots of juicy stalks after the first year. Plant two feet apart. Set the roots straight up and down, with the crown about two inches below the surface of the soil. Last fall Mrs. Wolfe planted Rhubarb in her side yard. Not only did she have an abundance of juicy rich Rhubarb for sauce, the huge caladium-like leaves of the dark green plant added unusual color and beauty to her landscape. **6 for \$1.39**

HORSERADISH

This is the Bohemian variety which has that crisp, snappy taste, yet it is not bitter. Wolfe's crown plants will make usable roots the very first year.

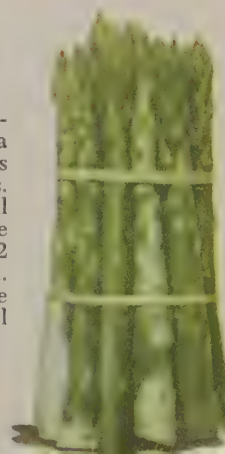

3 for \$.59

Tender—Tasty—Easy to Grow

ASPARAGUS

Introduced by the U. S. Department of Agriculture a few years ago. Produces large, tender green tips. Famous for its mild, rich, full flavor. A few roots produce many tips. Plant them 12 inches apart in the garden. In the field, the rows can be 4 feet apart. 5,000 roots will plant an acre.

6 for \$.98

WOLFE NURSERY'S WORLD FAMOUS PAPER-SHELL PECANS

THE

Eastern Schley

A superior quality papershell pecan that sets the standard of excellence wherever it is grown—The tree is a straight, vigorous grower—resistant to disease, and is widely adapted from Coastal areas to as far North as a papershell pecan can be grown. The nut fills out beautifully, having a higher percentage of meat content than any other variety that we grow—Eastern Schley has made a brilliant production record in Texas, Oklahoma, New Mexico, Louisiana and Arkansas. This is an early ripening variety designed to make you a profit if grown commercially—or—a pleasant shade—a beautiful, productive tree when grown in your yard—Labelled with 2 red stripes.

Wolfe's **GARNER**

**A WOLFE NURSERY INTRODUCTION ACCLAIMED
OUTSTANDING FOR QUALITY — PRODUCTION —
COOL SHADE**

Plant your pennies and watch your dollars grow. Garner starts growing dollars in a hurry. We have fruited this great Pecan alongside of many others during a period of 16 years and it has made more money per tree than any other. We have never been able to supply the demand. Garner will bear at least one-third more per tree than other Pecans and produce nuts the first or second year after you plant them. WHY? Because Garner just naturally bears young. Add this desirable trait to Wolfe's use of FRUIT BUDS in propagation and you have the answer to why people prefer Wolfe's Garner Pecan trees. Garner is FROST RESISTANT—bears every year and is one of the first to mature in the fall. It is a TRUE papershell—so thin it can be cracked with the fingers. Garner is one of the most outstanding Western varieties ever discovered. Should be planted with Mahan for best results. Order your trees early. Garner is labelled RED

CLIMBING TALISMAN

A "SPORT" of the beautiful bush Talisman but a much heavier blossoming Rose. The two-toned, exquisite long buds appear all over the gracefully erect stems early and continue all through the blooming season. Talisman is labelled BLUE OVER ORANGE.

AAA Jumbo — \$1.19

AA Large — \$.89

A Medium — \$.69

CLIMBING PINK RADIANCE

The new everblooming Hardy Climber and Pillar Rose. This variety fills a long-felt need for a real pink, full-petaled, hardy climbing Rose. Another most appealing quality is its pleasant spicy and penetrating fragrance. The blooms last for days after cutting. Climbing Pink Radiance produces successive crops of flowers throughout the summer, ending with a gorgeous display in the late fall. It has a neat, compact habit which allows for easy training on a 6 to 8 foot trellis or arbor; and does well when trained as a pillar Rose. Labelled RED over YELLOW.

CLIMBING HIGH NOON

All of the concentrated brilliance of sunshine at mid-day is captured in the lovely buds of this extraordinary climbing Rose. The blooms are bright shining, lemon yellow and they stay on for a long period of time. Its well shaped buds are one of its most outstanding features. Many, including my wife, say that there's not any other rose that produces a more beautiful bud. In early spring, High Noon seems to burst out all over, but it does not stop there. It continues to produce masses of blooms until hard frost. Plant Pat. No. 704.

The Glorious FLORIBUNDAS

CREATE LOVELY EFFECTS WITH *Saucy* FLORIBUNDAS

Floribunda varieties planted in solid beds give a magnificent display all summer long. People in Europe have long known this for they've jeweled the continent with millions of them. You get lovely effects with these cluster roses by planting them in small groups in front of shrubbery in combination with perennials. A bed of new and famous Floribunda variety "Fashion" is simply breath-taking.

Fashion

Only Rose Ever to
Win 6 International
Awards!

All America Awards Winner for 1950, Fashion blooms are bright coral-peach, a most amazing color because it is so brilliant and, at the same time, so soft and lovely. There is no other Rose color like it. Add to this the exquisite form of both the bud and open flower, and you will see why this Rose is being hailed with such enthusiasm. It has won the National Rose Society's Gold Medal in England and the famous Bagatelle Gold Medal in France. Scores and comments of the All-America judges gave it high praise, also. The open blooms are about 3 inches across or larger. Buds open slowly to a wide-open flower with gracefully waved petals and a rich display of golden stamens. Pleasing old-Rose fragrance. Plants are good and vigorous, bushy, with neat, small, glossy foliage. It reaches a height of 2½ to 3 feet, with few thorns. We consider it a gem, as it brings a brand-new, enchanting color to Floribunda Roses. Plant Pat. No. 789.

AAA Jumbo Grade — \$2.00 each

3 or more — \$1.75 each

FLORADORA

The breath-taking color of Floradora makes it one of the outstanding Floribundas. Very deep orange-red buds open up to 3 to 4 in., cup-shaped blooms of sharp vermilion-red. These flowers appear in strong bright clusters of 4 to 10 blooms. The plant grows 2½ to 3 ft. tall and is constantly in flower. Shiny green, wax-like foliage is rugged and forms an excellent contrast to the red blooms.

AAA Grade — \$1.19 ea. AA Grade — \$.89 ea. A Grade — \$.69 ea.

LAVENDER PINOCCHIO

A true clean lavender enriched by a mass of golden yellow stamens in the open bloom. This lovely color changes at various stages. The masses of tight buds are warm chocolate-brown overlaid by dusty pink. As they open, this dusty pink is followed by smoky pink-lavender. At this stage the edge of each petal is delightfully frilled and has a clean delicate lavender border. Outer petals are darker than those in the center, but when at last the flower is wide open, the colors soften to dainty silver-lavender with faint suggestions of rosy pink. (Pl. Pat. No. 947)

AAA Jumbo Grade — \$1.50

IMPROVED LAFAYETTE

Especially bright crimson, velvety-petaled flowers 2½ to 3 inches across. Makes a constant show in the gardens. Produced in generous clusters, the dainty buds open slowly until each cluster bursts with handsome crimson flowers. These enormous clusters last two and sometimes three weeks. As one flower finishes, new buds open to take its place. Sturdy and hardy, with an 18-inch disease-resistant bush.

AAA Grade — \$1.19

AA Grade — \$.89

A Grade — \$.69

PINOCCHIO

Thousands of our customers know and love the widely acclaimed Pinocchio Rose. Its delicate beauty goes straight to your heart. Great clusters of gracefully pointed buds of rich salmon flushed with gold at the base open up to long-lasting exhibition-formed blooms like miniature Hybrid Teas. As the "sweetheart" flowers open, they change to soft, lucid pink and shade into deeper pink at the edges. This persistent bloom continues all summer long. The 20 to 24-in. plant is extremely hardy. The ample, rich dark green foliage is very disease-resistant. Carefree as the puppet Pinocchio are the captivating buds and blooms of this perennial favorite. Cool pink masses are refreshing. (Pl. Pat. No. 484)

AAA Jumbo Grade — \$1.50 ea.

Red Pinocchio

Of all the Floribunda Roses that we grow none is so vigorous, so free-blooming, so lovely, as is our Red Pinocchio. It is a deep, deep wine red that never fades. It flowers in immense clusters, and blooms are in abundance from early spring until hard frost. Red Pinocchio is extremely hardy and disease-resistant. For a border or specimen plant of magnificent beauty, order Red Pinocchio today.

GOLDEN

Goldilocks

Here is the long-awaited true golden yellow floribunda. The buds are ovoid in shape, resembling miniature hybrid teas in form, and a rich golden yellow in color. Opening slowly and gracefully, they pass through many attractive stages. Goldilocks lasts a long time, as fresh new buds keep replenishing the overall effect of the golden yellow mass. The foliage is glossy, dark green, decorative and abundant. Perfect for border, bed, specimen or base planting.

AAA Jumbo Grade — \$1.50

ELSE POULSEN

The Floribunda that no one ever tires of, is always a mass of blooms. In June its colorful myriads of blossoms are a glorious sight. All through the summer the buds and flowers continue to attract interest. Buds are lively red, opening to shell-pink color. The healthy, vigorous plants are sturdy yet delicate in appearance. An established plant in a sheltered position will grow 4 ft. tall or more. Large bloom clusters in spring and continuously all season. Abundantly branched, with lush, green foliage, it is extremely hardy.

Wolfe's

PEACHES

DIXIE GEM

A Superb Yellow Freestone

Ripening Early in Spring

Firm and sweet — A Peach that melts in your mouth. A bowl of tree-ripened Dixie Gem with cream and sugar—and man—you'd be a Dixie Gem booster for life. Dixie Gem is a delightfully tasty yellow freestone Peach that ripens early—a full 4½ weeks before Elberta. Along with Texaberta and Melba, it represents the very best of all peaches that we sell. Perfect for eating fresh—quick freezing or canning—and it is well adapted to all areas. Plant the Gem of them all—Dixie Gem—today—now.—Labeled with a blue stripe.

2 yr. Large Trees — \$2.49 2 yr. Medium Trees — \$1.98 2 yr. Small Trees — \$1.49

THREE STAR PEACH SPECIAL

A true three star special, placing in one offer the top three peach varieties grown today — One each of Wolfe's

• DIXIE GEM • TEXABERTA • MELBA **\$3.98**

TEXABERTA

The Nation's Perfect Peach

A perfect freestone that ripens about July 10. This outstanding peach has not missed a crop at Belton, Texas, since it was originated 24 years ago. Combine the best qualities of all peaches, add a few, and you have Texaberta. It has bright red, juicy flesh around the seed, forming into deep, tender yellow toward the bright red-covered skin. Delicious? — well, you just don't know what good eating is until you have had the juice of a Texaberta running down your chin after a good bite. Texaberta produces in mild climates where Elberta is a failure — and — it is extra FROST-RESISTANT. Texaberta is sold only by Wolfe Nursery and is labelled with a RED stripe.

\$1.65

Melba PEACH

By far our greatest find in an all-purpose, large, delicious, honey-hybrid peach. It is adapted from coast to coast and is the leader of all frost-resistant varieties. Our show orchard here at the nursery took 10 degrees below freezing while in full bloom and still produced a bumper crop. Melba starts ripening early in June and lasts most of July. No other peach ripens over such a long period. Never has a fruit variety received such unanimous acclaim as Melba. Not one person has failed to say, "That's the best peach I ever tasted." Melba, the Honey-Hybrid, Queen of all eating peaches, is labelled with two RED stripes.

2 yr. Small Trees — \$.69

HALEHAVEN

WOLFE'S ELBERTA

Would you believe that there are over 100 kinds of Elbertas being sold by nurseries? Very few have the original pure-strain that gained world-wide fame for its size, color, flavor, and bearing habits. The buds that we use come right off trees in our own bearing orchard. It's the oldtime Elberta that our parents knew and remembered as being one of the most dependable bearing trees of all time. Our true Elberta, a huge, yellow freestone, ripens July 10th. Labelled with one GREEN stripe.

2 yr. Large Trees — \$1.49 2 yr. Medium Trees — \$.98
2 yr. Small Trees — \$.69

ELBERTA

INDIAN

(Pictured Lower Left)

A real handful of the most outstanding, red-fleshed, red-skinned peach that is grown. Mrs. Wolfe says it is the finest pickling peach in the land, and women who live in the Stephenville area come to our orchards every year when the Indians get ripe—they buy them and pickle them, and the whole family has a treat all winter long. Not only are they a treat when they are pickled though—they're fine eatin' when picked ripe right off the tree. Our true-strain, old Indian Cling ripens July 20. Indian is labelled ORANGE.

2 yr. Large Trees — \$1.49 2 yr. Medium Trees — \$.98
2 yr. Small Trees — \$.69

FRANK PEACH INDIAN

One of the best All-around Peach varieties of all time—the heaviest producing variety in our own orchards here at Wolfe Nursery—FARM AND RANCH Magazine says, "The most outstanding peach produced in the Southwest." That just about tells the story, for Frank is outstanding in every respect. It is a large, firm, juicy, yellow cling that ripens August 10th. It's so sweet that most women can them without sugar. Frank's record year-in, year-out production proves its value as an outstanding frost-resistant variety that is a "must" in every home or commercial orchard. Labelled with one WHITE stripe.

JAPANESE PERSIMMONS

COLORFUL

Allred Plum

We know of no other fruit tree that offers such beautiful blossoms during the spring — such outstanding, colorful red foliage all during the growing season — and such delicious eating. Allred is a dual purpose tree — not only does it produce one of the nation's outstanding quality plums, it is absolutely unsurpassed as a beautiful and colorful landscape tree. The fruit looks like a dark cherry, only larger, and its flesh is a juicy, deep red. It is ideal for either eating fresh off the tree, or for making a tasty, bright red jelly. The leaves are RED — the stems and branches are RED. The fruit is RED inside and out, and the tiny seed is RED. Allred is truly ALL RED. Labelled with a BLUE stripe over a WHITE stripe.

2 yr. Large Trees — \$2.39

2 yr. Medium Trees — \$1.89

2 yr. Small Trees — \$1.39

BURBANK PLUM

One of the finest eating Plums that ripens about June 25th. It is a large, purplish-red Plum with deep yellow, delicious flesh. A very prolific variety that was created by, and named for, a great man. Burbank is an excellent commercial Plum, and sells in the fancy fruit class. It is labelled with a BLUE stripe over a GREEN stripe.

PRICES:

PLUMS-NECTARINES

DWARF

Sapa Plum Cherry

This dwarf Plum Tree—small in size as it is—produces a superior quality fruit in such tremendous quantities that it is difficult to believe a tree so small, could produce so much.

This is Mrs. Wolf's jelly plum and she personally asks us to pass on the following words to you: "We've been growing plums here at our nursery for over 30 years, and I'm sure that over that period of time we have tested over 100 plum varieties. Never, during that period, have I ever seen any plums that made a more beautiful or tasty jelly than the Sapa Plum Cherry. It has been our family favorite for over 20 years." The Sapa is a bountiful producer of rich, dark purplish-red plums that are just as sweet as sugar. It ripens the latter part of June. Labelled BLUE over PINK.

HOWARD'S MIRACLE PLUM

THE INTRODUCTION of the "Miracle Plum" marks an epoch in the advance of fine fruits for the table. The tantalizing and delicious flavor, the great size, firm amber flesh, combined with its delightful color, place the "Miracle Plum" in a class by itself. Invariably, after tasting the "Miracle Plum," comes the exclamation: "This fruit is truly a miracle. It is something out of this world." Here are some facts about the "Miracle Plum": Extraordinarily large size fruit, average diameter $2\frac{1}{2}$ to $2\frac{3}{4}$ inches. An astounding surprise to the palate, flavor not unlike the Nectarine, Peach and Plum mixed; skin thin and unnoticeable when eating fruit, miniature stone, meat Nectarine-like in quality. Keeping qualities excellent, delicious in preserves, fruit ripens over a long period during July and August. Exceedingly fast growing and quick bearing tree which will bear fruit second year after planting. Beautiful ornamental tree of medium size, foliage persistent, in Autumn richly tinted not unlike the leaves of the Maple. Can be grown in a small garden. 1 Yr. Trees, Labelled Blue over Orange.

2 yr. Large Trees — \$2.50

2 yr. Medium Trees — \$1.45

A distinctively different Fruit

NECTARINE

The Nectarine is such a delicious fruit it has always been a source of disappointment that there has been no Nectarine variety which was dependable in this area. Only now have we succeeded in getting a Nectarine that has stood the test. These big, bright red and yellow fruits are unbelievably good, and so good looking that you will keep a bowl of them on the table just for ornament. (We guarantee they won't stay in the bowl long, they taste too good.) You'll not have to hope for a crop—you'll get it every year without fail. Add to all this the fact that the big spring blooms have such a lovely clear pink color that it is almost as ornamental as the finest flowering Peach—after all this, does it sound as if you could afford to be without it? Ripens in July.

MORaine LOCUST

(Plant Patent No. 836)

When young, the Moraine Locust has a rounded head, which soon develops a wide, graceful vase form, shaping and arching much in the manner of a stately old Elm. Foliage is finely cut and fernlike, allowing excellent sod around the tree. Very hardy, easily established; long-lived and extremely rapid in growth. Lofy beauty and protection, as well as soft shade for temperature control are gained in quick time. Hard wooded, there is no damage from wind or snow. A great tree to frame the house or to line the avenue. Because of its very rapid growth, this tree should be staked and tied for the first year or two after planting. (Plant Patent No. 836.)

Price \$5.00 each

New

WOLFE'S Scarlet Maple

Brilliant purplish-red leaves in the spring offer rich contrast with the vivid greens of surrounding nature. Gradually the highly colored foliage softens to bronze, then a little later to deep waxy green. Very hardy, developing the same rounded symmetrical head of its parent, the Norway Maple. We recommend this as one of America's finest and most enduring lawn and street trees. 40 to 50 feet at maturity.

A rapid growing, hardy vine suitable for covering trellises, walls or veranda. \$.95

★ CUSHION MUMS

Grow about 2 feet tall and 2 feet wide. A RIOT of colors and entrancing beauty in the fall. The most show for your money! Thousands of lovely colorful Mums to brighten your home from early fall until frost. Decorate vacant spots, borders or a special garden with all five colors and have bushes of gorgeous blossoms the first year. They make a lovely deep green globe during the summer and all the blossoms seem to pop out overnight. Cushion Mums will be shipped separately from the rest of your order — usually around the latter part of April and first part of May. When your Mums arrive, plant them right away. IMPORTANT: Cut all the top off about 2 inches above the ground. This causes the plant to spread and make a better growth. Soak the ground when planting and keep moist and shady for several days.

THE FASTEST GROWING – MOST COLORFUL MOST IDEAL SHADE TREE FOR YOUR YARD

Non-Fruiting MULBERRY

From the first day – the first minute – that we saw this big leaved, smooth barked shade tree, we knew that it was destined to be the most sought after – most desirable shade tree of all time . . . We planted and tested – and it exceeds our fondest expectations . . . It grows like a weed, twice as fast as any other tree we've ever seen. It grows as pretty and straight and branches as perfectly as you could ever ask. It is hardy and absolutely, bears no fruit. Its leaves are huge, even on young trees; they are larger than your hand. Its trunk and branches are as smooth as can be . . . We are enthusiastic over this new shade tree. It is the best we have seen. It answers the need of everyone for a fast growing – long lived – good – shade tree. Our supply is limited . . .

UNANIMOUS ACCLAIM

Never before has a shade tree received such acclaim from our customers . . . From all sections come letters concerning fantastic growth – Customers like the straight, smooth trunk and extra large leaves – they like its hardy characteristics and disease-resistant qualities . . . As one man said, "Your new Mulberry has everything."

8 to 10 foot trees — \$6.95

6 to 8 ft. Trees — \$4.95

4 to 6 ft. Trees — \$2.69

NON FRUITING MULBERRY SPECIAL

A special group offer for the wise home-owner that wants a yard full of shade in a hurry . . . 3 trees—4 to 6 ft. tall—at a big savings.

3 for \$5.95

SYCAMORE

A widely planted, beautifully shaped tree that provides plenty of shade. Peeling bark which comes off in large pieces leaving a smooth cream colored trunk make Sycamore an attractive tree. It is an impressive tree, used for street planting throughout the South. Labelled RED over YELLOW.

Large Size Trees — \$1.95

Medium Size Trees — \$1.59

Small Size Trees — \$.98

WEeping WILLOW

One of America's most beautiful shade trees. Our true Willow lends a friendly atmosphere to the home and its long, light green limbs reach down to sweep the lawn. A gorgeous shade tree that invites you to a cool, restful spot during the hot summer evenings. A bank of Weeping Willows makes a lovely background for outdoor living rooms. Plant by rock garden, fish pond—wherever a graceful shade is needed. Labelled with a RED stripe of paint above a BLUE stripe.

Large Size Trees — \$2.19

Medium Size Trees — \$1.69

Sensational NEW English Asters

EVENTIDE. A masterpiece from England. Striking deep violet blue, huge and almost full. Trimly erect, free and vigorous. Fine for cutting. 3 ft.

JANET McMULLEN. Another gigantic Briton, this time a soft rose-pink. Long, pyramidal stems alive with color. Semi-double, perhaps the largest flower of any aster. 4 ft.

THE ARCHBISHOP. Mammoth new English hybrid, the grandest of all. Huge, 2 inch semi-double blooms in massive sprays of rich deep blue-purple. Erect, 3½ ft. plant, fine for cutting. Really outstanding.

THE CARDINAL. Brilliant deep reddish rose. A garden standout.

THE SEXTON. Clear, vibrant, lilac-blue newcomer, large of bloom and very attractive. Sure to please. 3½ ft.

PRICE ON NEW ENGLISH ASTERS — 79¢ EACH

HEMEROCALLIS — DAY LILIES

We present for our first time 6 of the finest Day Lilies — These all bloom from Spring to Fall — Their hardiness and attractive foliage make it possible to use them effectively in locations unsuited for other perennials.

MIKADO

Rich orange with a large spot of mahogany red in each petal. 5 inches in diameter. Striking and unusual. Usually blooms a second time. The outstanding charm of this remarkable Day Lily is due to the bold color contrasts and perfection of form. Flowers during June and July. 3 Feet.

FULVA

Deep red at the center fading out to lighter shades toward the edge with a cream line running through the center of each petal — July — 54 inches.

AUGUST PIONEER

AUGUST PIONEER. Profuse bloomer, one of the late blooming Multiflora hybrids flowering from mid-August to mid-September. Miniature flowers of chrome-orange with the outer half of the petals flushed red. Very valuable for its late season bloom. 42 inches.

OPHIR

Deep, golden-yellow. 5 inches across. 25-30 on one stem. One of the finest of all varieties. Blooms July and August . . .

PRICE ON DAY LILIES — 39¢ EACH

RAJAH

48 inches. A gorgeous new introduction by Dr. Stout in a brilliant flame scarlet, with a vivid triangular throat area of Brazil Red. Large beautifully shaped, brilliantly colored flowers of perfect form; very freely produced. July-August . . .

HIGH BOY

Large pale yellow flowers on tall graceful stems . . . August . . . 5 ft.

*Hardy
Garden
Lilies*

REGALE

Our Regale Lilies are an improved type grown by seed selection, extra large white flowers suffused pink with creamy, yellow throat. Very fragrant blooms in July. Planting depth — 5 inches. \$.49

ESTATE

Large and fragrant with pure white flowers — Blooms during the mid-summer period. Is of medium height. \$.69

HENRY II

Commonly called "The Golden Speciosum" — Flowers are a golden yellow — 5 to 6 inches tall — Blooms in August and September — Plant 8 to 10 inches deep. \$.69

RUBRUM

White background, pink dots and shading of pink to carmine. Blooms in September. Grows 3 to 5 feet tall. Plant 6 to 8 inches deep. \$.69

CORAL LILY

Bright cherry red blossoms. Sometimes called the gayest of all Red Lilies. Its height 12 to 24 inches — Blooms in June — Plant 4 to 5 inches deep. \$.49

COLORFUL-HARDY PLANTS *for the* Southwest

DEUTZIA *Southwestern Snowflake* PRIDE OF ROCHESTER

Flowering Shrubs provide a major portion of the contrast in our landscapes and therefore should be chosen, and placed with care by the discriminating gardener . . . Deutzia — our Southwestern Snowflake is one of the foremost of all our flowering shrub varieties. It is a vigorous, free blooming variety that steals the show with its delightful double white flowers tinged with soft peach pink — It is a valuable plant that will bring contrast, color and lovely beauty to your landscape. . . .

SELECTED 1 yr. Plants — \$.79

SOUTHWESTERN SNOWFLAKE
(DEUTZIA — PRIDE OF ROCHESTER)

GIANT HYBRID COLUMBINE

Columbine brings to your garden or a bouquet, a "fairy" touch that no other flower can give. The colors are so rich, so clear, so exquisitely lovely and they blend perfectly. The flowers are much larger than pictured, up to 3 inches across, with spurs 4 to 5 inches long. Come up year after year, grow 2 to 3 feet tall and bloom so generously in the spring. Thrive in ordinary soil and prefer partial shade, especially from afternoon sun. Our plants will bloom this season.

PRICE: \$1.89

BLEEDING HEART

A favorite in Grandmother's garden half a century ago, it is equally popular today. Grows 2 feet tall. Thrives in partial shade, but will grow in full sun. Attractive foliage. Graceful heart-shaped pink flowers in April-May. The plant becomes larger, more beautiful, each passing year.

PRICE: \$.89 Each

BLEEDING HEART SPECIAL

3 Bleedings Hearts for a group or mass planting. You save at sale prices.

PRICE: \$2.39

EVERGREEN ENGLISH IVY

Ugly bareness becomes a spot of beauty when buildings of stone, concrete, or stucco, and "hard-to-cover" slopes and banks are covered with dense, rich glossy evergreen foliage of English Ivy. Famous for long life. Mass effect can be created by planting 2 to 3 feet apart.

PRICE: \$.89

3 for \$2.10

MEXICAN TUBEROSE

Flower spikes 30 to 36 inches tall, with very fragrant, waxy-white flowers from July to frost. Very fine cut flower as a single spike will perfume a room. Often 20 or more flowers on a single plant. Grows in full sun or part shade. Plant the bulbs outdoors after all danger of frost is over and the ground has become warm, covering with 2 inches of soil. For earlier blooms, you can start them indoors in pots and transplant outdoors when danger of frost has passed. They are attractive in the border and excellent for cutting. Dig in the fall and store just like Glad bulbs. Our large best quality No. 1 Bulbs will produce far more flowers than the small No. 2 size.

6 for .98

FORSYTHIA

The first shrub to bloom in early spring, its bright yellow flowers light up the yard. Grows 6 to 8 feet tall, in sun or partial shade. Hardy, easy to grow, thrives in ordinary soil. The light green bark is attractive all winter.

Vigorous 2 to 3 ft. Plants — \$.89

LANDSCAPING SERVICE

FOR HOME OWNERS WHO DESIRE TO CREATE NEW AND ADDITIONAL BEAUTY ON THEIR HOME GROUNDS

Perhaps the first and most important step in preparing for landscaping is the working out of a carefully balanced, detailed planting plan to exactly fit your individual grounds—using the proper choice of hardy materials, placed to best advantage. Such a plan, the ultimate development of which will create the picture you wish to attain, will usually prevent many planting disappointments and a needless expenditure of cash. For years, we have specialized in this service which is FREE to our customers. You, too, are welcome to avail yourself of this opportunity. Simply follow the directions below:

If it is possible, come to our nursery with pictures of your home, along with its blueprint or a rough sketch you might make. Doors, windows, walks, etc., are important. You should have their location, width, and height correct. Should you not be able to visit our nursery, simply send the information to us—address your correspondence to—Landscape Architect, Wolfe Nursery, Stephenville, Texas. To avoid delay, send your plans in early.

VISIT OUR NURSERY GARDEN CENTERS IN STEPHENVILLE AND SAN ANGELO

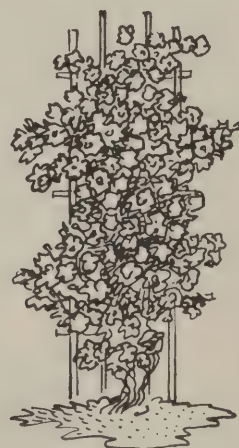

Just West of Stephenville in the heart of vast 1000 acre nursery . . . And in friendly San Angelo, hub of the great Southwest, you will find two of the nation's largest, most colorful Nursery Garden Centers. Make your plans today to visit the store nearest you . . . You select just the plants you like and save lots of money on every purchase. You will buy fresh plants—direct from our fields to you . . . Experienced horticulturists are on hand at all times to help you plan your landscape or home orchard. Both stores are open 7 days a week for your shopping—and saving convenience.

Important Points to Remember When You Order

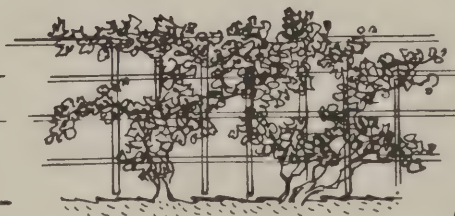

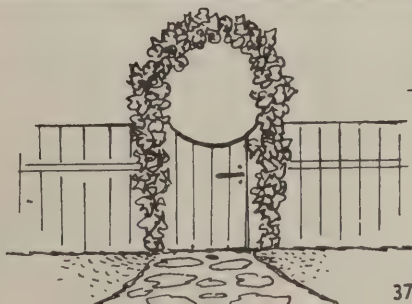

- Order early, for your early order means early delivery — and — you receive your Bonus plants.
- Bonus plants of large value are included with your order . . Be sure to make your Bonus selections.
- Write to us whenever we may be of assistance to you in the planting or care of the plants you receive.
- Follow our planting instructions for success and fast growth of the plants you receive.
- Most of all, remember that your dependable Wolfe Nursery is here to serve you — We will be delighted to assist you in any way that we possibly can.

A carefully selected group of Blue Ribbon Iris, blended together to make a unique collection for a landscape desirous of color. . . . Seven distinctive varieties make up our Iris collection.

7 for \$1.95

IRIS

ROSA MULTIFLORA

The Miracle Living Fence

The very best, most colorful, all-purpose hedge grown. It makes a dense, thorny barrier that stops traffic across your yard or garden. And just as it keeps livestock in a field, it keeps your pre-school youngsters from wandering out of the yard. In the spring, even if trimmed, it bears clusters of small, white, wild roses, and, in the fall, the berries turn a pretty bright red. If you let it grow, it will get tall enough to make a good screen. Ideal on terraces because it stops washing. Does not sucker or spread so does not interfere with nearby plants or garden, and you'll find it easy to run a lawn mower under its arching branches. Grows 2 ft. to 6 ft. high, depending upon how you trim it. We do not offer the small conservation grade as we believe the loss in planting is too great for that size plants. And our Super Grade will make you a hedge in a hurry.

Our Most Popular Hedge

Amoor River Privet

(PICTURED LOWER RIGHT)

If you do not know what hedge to plant we recommend this very highly. It is by far the most popular hardy trimmed hedge. It makes a permanent hedge, lasting for generations. Not only adds beauty, it also protects your yard, especially if you have a corner lot. It is fine for a division line between yards. Can be trimmed to any desired height, making a thick dense hedge, without thorns, right down to the ground. Requires trimming only twice during the summer. But if you trim it 3 or 4 times it becomes more dense and bushy. Leaves are rich, dark green, and hang on until very late fall. Plant 1 foot apart.

10 Plants — \$1.69

20 Plants — \$2.95

RED LEAF BARBERRY HEDGING

There is nothing as strikingly brilliant in hardy shrubbery as our genuine true red strain of Red Leaf Barberry. Its abundance of thick red maroon leaves fairly glisten and make a novel contrast to other plants. Grows about 3 to 4 feet tall. Plant for single specimens, corner groups, solid border hedge, etc. Beautiful in front of a light-colored home. We have recently seen several informal hedges of Red Leaf Barberry . . . Due to the habit of growth of the plant and most of all, due to its scarlet coloring, it makes a most delightful and different hedge . . . Plant about 2 ft. apart.

10 Plants — \$5.95 20 Plants — \$11.29 30 Plants — \$16.69 40 Plants — \$21.95

Cardinal Shrub

(WEIGELA VANICEK)

The Shrub of the Century

Every so often there comes to our attention a plant so unusual, so outstanding, so spectacular that it merits inclusion in our catalogue. Such a plant is the new Weigela "Cardinal Bush." It is a hardy plant—a flowering shrub that can be depended on to produce its blooms in exciting abundance each year. All of its many branches are engulfed with trumpet-shaped, red blossoms. It is an everblooming flowering shrub that complements your landscape the year round with delightful wine-red sprays. Its foliage is rich and luxurious and the contrast of color between bloom and foliage is a joy to see. Usually new introductions are priced high because of the expensive research that a reputable nursery must undertake, but we know that the Weigela "Cardinal Bush" is destined to great popularity here in the South—so—we are pricing it low, depending on its success in your yard to bring repeat orders from you as well as your neighbor. Order today for the newest, the best, from Wolfe Nursery.

Select 1 yr. Plants — \$1.95 Each

Pyracantha “GOLD NUGGET”

PYRACANTHA LELANDI

Wolfe Nursery's wonder pyracantha, Gold Nugget, is the gem of all Pyracantha. Its masses of berries are each rich golden in color against deep green foliage. Before its berries come on in late summer and fall, it puts on a magnificent display of bell-like, snow-white blossoms. Most important, it is hardy for all sections. Grow Gold Nuggets in your yard this year!

2 yr. Plants — \$.89

Buddleia

Summer Lilacs

Four new Buddleias, each the finest of its color, and all blooming profusely and continuously from early summer to frost. No other shrub can compare with them for freedom of bloom. They make a compact bush, 4 feet or so tall. The roots are hardy, the tops die down in winter, then come up again even more vigorously next spring. The lovely fragrant flowers are beautiful in the garden and fine for cutting.

Gardenia

LOVELY, FRAGRANT QUEEN OF ALL EVERGREENS.

The deep, dark green waxy leaf — the snow white blossom — fragrant beyond words — the ease of growing — all these make Wolfe Nursery's distinct Gardenia variety, Gardenia Fortunei, one of the most sought of all Evergreens. This popular sweet-scented beauty will give you — your family — and neighbors, too, years of pleasure. For landscape beauty — for home bouquets — for party corsages — Gardenia Fortunei.

WOLFE'S *Purple Lilac* (A Select Strain)

The beautiful old purple Lilac that you and I have known since we were kids. I have the original pure strain that grows tall and is covered with huge blossoms that only Mother Nature can provide. Fragrant and is often used as an informal hedge or as a flowering shrub under high windows.

PRICE: Each — \$.98

BURNING BUSH

GREAT NEW FLOWERING SHRUB

One of the most beautiful and colorful — of all shrubs, it becomes a different color with each season. There are bright yellow flowers in May and June — then red berries for late summer and fall. The foliage is an attractive dark green throughout the summer, changing to a brilliant crimson tinged rose in the fall. An unusual cork-like bark adds charm and contrast all through the winter months. Wolfe Nursery's Burning Bush thrives in all sections. The plant is compact and bushy which makes it ideal either as a foundation plant or as an individual specimen. Burning Bush is an outstanding addition to our select flowering shrubs — attracting attention during spring — summer — and fall. A contrast plant that you will be proud to grow in your yard.

Large Size Landscape Plants — \$2.95 Each

GOLDFLAME HONEYSUCKLE

Our new sensational Goldflame Honeysuckle is everblooming and unusually heavy blooming. Its blooms are bright red with bright golden yellow. For growing either in the sun or shade . . . for unusual eye-catching beauty all summer, plant Goldflame, outstanding of all honeysuckle.

2 yr. Plants — \$1.29 Each

PURPLE LILAC

WOLFE'S BURNING BUSH

Nandina

The unusual Evergreen that changes color with the season. Bright green in the summer, turning to vivid shades of fire-red in the winter. Covered with clusters of scarlet-red berries all winter. Grows 3 to 5 feet tall. Can be pruned to desired height. Use under windows and mix with other greens for year-round beauty.

FOR THE GREAT

EUONYMOUS JAPONICA

EUONYMOUS JAPONICA

A waxy-glossy-leaved specimen of the Broad-leaf evergreen family. An all-purpose plant that may be pruned to any shape, or that will cling close to the wall. Ideal for planting behind flowering shrubs and will make a lovely hedge.

2 yr. Plants
95¢ Each

PHOTENIA

A large handsome Evergreen with slightly curled, indented leaves. The new foliage in the spring is a contrast of bright colors and in the fall, they produce an abundance of scarlet red seed pods that look like a mass of red berries. Thrifty grower that can be used many places in the landscape. Will grow from 5 to 7 feet tall, but can be pruned low.

2 yr. Plants - 95¢ Each

BONITA

Our deep green dwarf type Evergreen that is widely used . . . it grows compact, and is as round as a ball . . . Bonita is an ideal plant to use with the tall, columnar type of Evergreens.

2 yr. Plants - 89¢ Each

BAKER

A beautifully colored, deep green, globe-like plant, especially suited for foundation or hedge planting. This evergreen is lovely and compact when sheared. Its year-round greenery means year-round color for you and your family to enjoy. Order today for beauty in evergreens in your yard.

2 yr. Plants - 89¢

ITALIAN CYPRESS

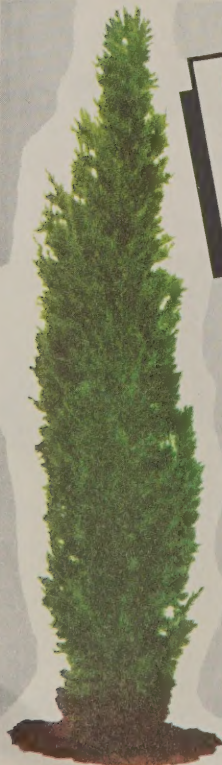

A tall, graceful, slender evergreen with dark green foliage. Need not be sheared - grows 20 feet tall, but can be kept to desired height by pruning top. Use with Pfitzer Junipers to build up tall lines in the corners of your home.

RED LEAF BARBERRY

There is nothing as strikingly brilliant in hardy shrubbery as our genuine true red strain of Red Leaf Barberry. Its abundance of thick maroon leaves fairly glisten and make a novel contrast to other plants. Grows about 3 to 4 feet tall. Plant for single specimens, corner groups, solid border hedges, etc. Beautiful in front of a light-colored home. We have recently seen several informal hedges with Red Leaf Barberry . . . Due to the habit of growth of the plant and most of all, due to its scarlet coloring, it makes a delightful and different hedge . . . Plant about 2 feet apart.

2 yr. Plants - 89¢

RED LEAF BARBERRY

ABELIA

One of the rare Evergreen family that blooms from May until frost with a mass of fragrant white flowers that have a very light touch of pink. Each flower is cradled in a bell-shaped cup with six petals of dark purplish red. This array of exquisite blooms has for a background a willowy dense, glossy green foliage that changes here with the season. Grows 3 or 4 feet high.

WOLFE'S ABELIA

PFITZER JUNIPER

Most handsome and useful Evergreen for the landscape. This popular spreading Juniper has beautiful silver-green weeping branches and works in nicely with Italian Cypress Bonita or as a fill for borders and walk planting. Reaches a spread of 4 to 6 feet and can be pruned to any desired shape.

2 yr. Plants - 89¢

YELLOW JASMINE

We have selected this variety out of several Jasmynes. Its long, slender branches arch and hang to the ground. The foliage is a bright tender green that is covered with gorgeous little yellow flowers all summer.

2 yr. Plants
79¢ Each

WAXLEAF LIGUSTRUM

One of the finest broad-leaved Evergreens grown in the South. This aristocrat of the Evergreen family has showy, thick waxy leaves that are dark green on top and light green on the under side. Can be pruned to any shape for specimen plants, or beautiful informal hedge.
